

Helpful Tips for a Successful Boothing Weekend

Boothing season is here, and we're excited to see our Girl Scouts out in the community building confidence, teamwork, and entrepreneurial skills. These helpful tips will set your troop up for a smooth, organized, and successful weekend.

Tip #1: Enable Credit Card Payments in Digital Cookie

To accept credit card payments at your booth, your troop's Digital Cookie site must be published. If the site is not published, credit card payments will not be available.

Once published:

- All Girl Scouts in your troop will see the option to process credit card payments through the troop booth site.
- All booth sales must be processed under the troop booth site in Digital Cookie.

For step-by-step guidance, please refer to the [Digital Cookie Help Sheet](#).

Tip #2: Track Your Booth Inventory and Sales

Staying organized at the booth helps ensure accurate reporting and smooth operations.

Helpful reminders:

- Bring a tracking sheet or use your receipt book to record booth sales.
- Enter booth sales into the Booth Divider by flavor. Tracking by flavor is essential.
- Deposit all cash sales into your troop bank account.

Pro Tip: Booth sales do not need to be entered financially into ABC Smart Cookies, but accurate tracking by flavor is still important for inventory management.

Tip #3: Complete the Troop-Secured Booth Process

If your troop scheduled a Troop-Secured Booth, it must be entered and approved in ABC Smart Cookies to be officially recognized.

We've recently streamlined the Troop-Secured Boothing Process to make it easier than ever. Simply follow the four required steps in the system to ensure your booth is approved and ready to go.

Tip #4: Additional Cookie FAQs and Resources

The GSCCS website offers helpful cookie resources to support your troop and answer common customer questions. These materials are great to review and share with parents and volunteers assisting at booths.

Available resources include:

Happy selling!
